DETAILED ACTION

Examiner's Comments

1. This action is in response to applicant's amendment received 8/18/2005. Applicant amended claims 15, 17, 24, 28 and cancelled claim 14. Applicant authorized cancellation of withdrawn claims 29-40 (see below examiner amendment). The allowed claims are 1-13 and 15-28.
2. It is noted that applicant's remarks received 8/18/2005, page 10, clarify for the record the intended definition of terms "first grooves, second grooves, third grooves" and the rejections made under 35 USC 112, second paragraph are hereby withdrawn.

Terminal Disclaimer

3. The terminal disclaimer filed on 8/18/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on US Application Number 10/743,440 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Arpin at 202-639-7735 on 8/29/2005.

The application has been amended as follows:

Claims 29-40 have been cancelled.

Reasons For Allowance

5. The following is an examiner's statement of reasons for allowance: The prior art of record fails to anticipate or show in combination a system for dispensing items comprising a first dispensing station, a first conveyor for transporting containers to the dispensing station and wherein the dispensing station comprises a dispenser for directing items to the containers, a mechanism for spacing the containers to a predetermined pitch, a transfer wheel for removing the containers from the first conveyor, a star wheel for receiving the containers from the transfer wheel and for positioning the containers in alignment with the dispenser and a turret for removing the containers from the star wheel. All pending claims are now allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
